BROCHURE 2020.

BMW R 1250 RT.

MAKE LIFE A RIDE.

OVERVIEW.

Whether solo or in pairs, no matter how far: the BMW R 1250 RT is well equipped for every journey. It lives up to its reputation as a dynamic tourer on every kilometre travelled. The powerful yet elegant design emphasizes the agile long-distance qualities of a bike that has shaped the segment of classic touring motorcycles like no other. In terms of comfort, functionality, wind and weather protection, the rider and passenger get their money's worth, especially since an electric windshield, a cockpit with TFT display and classic round instruments, pannier, luggage carrier and heated grips are on board as standard. In addition to the wide range of optional equipment and accessories, including comfort, touring and dynamic packages, Option 719 offers attractive options for further personalisation of the bike. Thanks to the powerful boxer engine with 1,254 cm³ and the variable BMW ShiftCam valve control, 100 kW (136 hp) and a torque of 143 Nm are available. In combination with the modern chassis including BMW Telelever at the front and BMW Paralever at the rear, the RT is characterised by a very active touring experience. The driver has the ROAD and RAIN riding modes, the ASC stability control and the HSC Hill Start Control at his disposal. As an option, the Dynamic ESA electronic suspension with riding position compensation, the Pro riding modes with HSC Pro (Hill Start Control) and DBC (Dynamic Brake Control).

| • Rider seat, high (seat height: 830/850 mm; step length: 1,875/1,915 mm) | Option code 610 |

OPTION 719.

MAKE YOUR TOURER ONE OF A KIND WITH OPTION 719.

Option 719 offers high-quality customization options ex works. Stylish and intricate paint finishes (with traditional hand-painted lines) and top-quality seats with embossed quilting will put your bike in a class of its own.

OPTION 719.

1 Paintwork: Option 719 Blue planet metallic / Ivory

The Option 719 Blue planet metallic/ivory paintwork gives the bike an exclusive, brilliant shine. Individual accents are set by the gold-coloured brake callipers, ivory-coloured hand-painted lines on the front trim panel, side panels, tank cover and panniers as well as the handlebar ends, windshield screens and decorative pannier trims in Chrome.

Option code H0D

2 Paintwork: Option 719 Stardust metallic

The Option 719 Stardust metallic paintwork gives the machine an exclusive, particularly elegant shine. Fascinating effects are revealed depending on the light incidence. The elegant impression is rounded off by the elaborate hand-painted lines in Ivory paint.

Option code H08

Option 719 seat / seat II

The elegant Option 719 seat is presented in classic Saddle brown or Dark brown. It impresses with its fine feel, discreet marbling, elaborate decorative seams and attractive quilted surface. The embroidered RT inscription complements the exclusive design. The seat can be heated and has the standard seat height. Only available in conjunction with seat heating.

- 3 • Option 719 seat (Saddle brown) Option code 317
- • Option 719 seat II (Dark brown) Option code 31B

Option 719 Milled parts packages Classic / Storm

The exclusive Option 719 milled parts package with high-quality components in a Silver look and the Storm milled parts package in a Silver-grey rough look set design accents. The milled parts made of anodized aluminium show a lot of love for detail and create an exclusive value. Option 719 branding also emphasizes the quality appeal of the bike. Additional illustrations can be found on page 16.

- 4 • Option 719 Classic milled parts package Option code 796
- • Option 719 Storm milled parts package Option code 797
(expected to be available from 1st quarter of 2020)

All Option 719 milled part packages for the BMW R 1250 RT include cylinder head covers, oil filler screw, engine front cover, brake lever, adjustable 5-point brake levers and 3-point clutch levers and expansion tank covers. All individual parts are also available as genuine BMW Motorrad accessories.

Option 719 Classic / Sport wheels

The exclusive two-colour Option 719 wheels set the ultimate accent with their contrast milling

- 5 • Option 719 Classic wheels Option code 505
- 6 • Option 719 Sport wheels Option code 506

You can find additional detailed images of Option 719 on the following pages.

ORIGINAL BMW MOTORRAD ACCESSORIES.

HP PARTS.*

1 HP sports silencer

A top-class feature for top quality sound. The sleek, high-quality titanium slip-on silencer with carbon end-cap delivers a powerful rumble. In addition, the sports silencer developed with Akrapovič is weight-optimized compared to the standard silencer. Also available as optional equipment.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership. Not available in conjunction with Option code 350 "Chrome-plated exhaust system".

- HP sports silencer

HP milled parts

The HP milled parts package underlines the exclusive sporty character of the bike with high-quality components in a two-tone look and HP branding. The milled parts made of anodized aluminium create enormous value. Also available as optional equipment.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

- 2 • HP cylinder head covers (left and right)
- 3 • HP engine housing cover, front
- 4 • HP adjustable hand lever (left and right)
- 5 • HP covers for expansion tank (left and right)

STORAGE.*

- Impact protection system for touring panniers

The impact protection is made of sturdy plastic and protects the touring pannier at the front, bottom and sides from scratches and damage.

To be fitted and/or enabled in a specialist workshop, and ideally at your BMW Motorrad dealership.

- Impact protection system for touring case (left and right)

- Protective film for touring panniers

The self-adhesive and transparent film protects top and side surfaces of touring panniers from small scratches.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

- Protective film for touring pannier, (left and right)

STORAGE.*

- Touring topcase, 49 l

This high-quality touring topcase with backrest pad and full equipment offers 49 litres of storage space. The waterproof luggage box with painted lid has two gas pressure dampers, interior lighting and carpet lining. The lock can be conveniently operated via central locking. The maximum load is 10 kg.

- Touring topcase, 49 l

6 Light touring topcase, 49 l

This high-quality touring topcase with backrest pad offers 49 litres of storage space. Without electrical equipment and carpet lining. The maximum load is 10 kg.

- Light touring topcase in White aluminium metallic, 49 l

7 Additional brake light for touring topcase

The clear-glass LED additional brake light enhances passive safety and blends perfectly into the existing top box lid cover.

To be fitted and/or enabled in a specialist workshop, and ideally at your BMW Motorrad dealership.

Not available in conjunction with light touring topcase, 49 l.

- Additional brake light for touring topcase

8 Storage compartment for touring topcase

The practical solution for documents, stationery or even a netbook: the handy document compartment is secured in the topcase lid with four quick-release fasteners, and helps keep things organised while providing quick access to everything that is important for the trip.

The installation manual is available for download from the BMW Motorrad website.

- Storage compartment for touring topcase

Inner bags for touring topcase and touring panniers

The matching inner bags for the touring topcase and panniers get the luggage organised and facilitate loading and unloading. The carry handle and shoulder strap make the bags easy to access and transport.

- 9 • Inner bag for touring topcase
- 10 • Inner bags for touring pannier, (left and right)

* Original BMW Motorrad accessories are available from your BMW Motorrad dealer. For information on speed and load limitations, please refer to the instruction booklet.

ORIGINAL BMW MOTORRAD ACCESSORIES.

STORAGE.*

Small topcase (28 l) with backrest pad

With a volume of 28 litres, the waterproof top box offers enough space for a helmet and impresses in daily use and on short tours. It is made of a hard-wearing plastic mix in a double-shell design. Its weight is approx. 5.5 kilograms. Installation in a specialist workshop, preferably at your BMW Motorrad dealership.

- 1 • Small topcase, 28 l
- (+) Mounted parts
- • Backrest pad for small topcase

2 Inner bag for small topcase

The matching liner for the small topcase gets the luggage organised and facilitates loading and unloading.

- Inner bag for small topcase

3 Bag for luggage carrier

With a volume of 4.5 litres, the bag for the luggage carrier is a practical addition or alternative to the tank bag.

- Bag for luggage rack, 4.5 l

4 Tankbag, 11 l

The small, 11 litre tank bag with belt attachment made of durable polyester fabric is the ideal companion for short trips. The waterproof main compartment with inner bag, the exterior pocket with bottle holder, the carry handle and the removable shoulder strap are handy qualities that leave almost nothing to be desired.

- Tankbag, 11 l

5 Adjustable insert for tank bag

The variable insert is a handy way to organize the contents of your tank bag. The interior can be organised any way you wish.

- Adjustable insert for tankbag

6 Large softbag

The large softbag with its waterproof main compartment and water-repellent exterior pockets offers a storage volume from 50 to 55 litres. The padded carry handle and a shoulder strap make transport easy. Can be mounted individually to the bike with adjustable straps with snap-fit fasteners.

- Large softbag, 50–55 l

STORAGE.*

7 Small softbag

The small softbag with its waterproof main compartment and water-repellent exterior pockets offers a storage volume from 30 to 35 litres. The padded carry handle and a shoulder strap make transport easy. Can be mounted individually to the bike with adjustable straps with snap-fit fasteners.

- Small softbag, 30–35 l

8 Luggage roll

This waterproof luggage roll with large opening can be used universally and offers a volume of 50 litres. The zippered liner and the small outer mesh pocket provide space for smaller items. A detachable shoulder strap and padded carry handles make transport to and from the bike easy.

- Luggage roll, 50 l

Atacama luggage roll, 40 l

The Atacama luggage roll made of a robust mix of materials convinces with clever details and a storage volume of 40 litres. In addition to the waterproof inner bag, various storage compartments provide additional space. The versatile fastening concept, three carry handles and backpack function ensure a secure hold and extremely practical handling.

- 9 • Atacama luggage roll, 40 l
- 10 • Tension strap for Atacama roll bag, lockable, 1.8 m

11 Folding backpack

The lightweight folding backpack is a helpful companion when spontaneous storage space is required on the move. It can be stowed under the seat.

- Folding backpack

12 Pack bag set

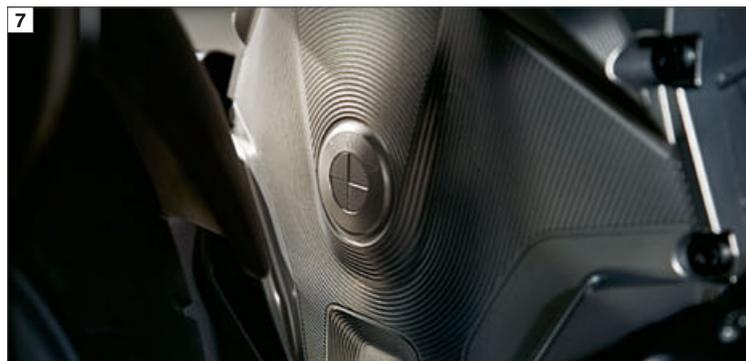

The practical pack bag set keeps the BMW Motorrad case organised. It includes five bags in three sizes and a laundry bag.

- Pack bag set

* Original BMW Motorrad accessories are available from your BMW Motorrad dealer. For information on speed and load limitations, please refer to the instruction booklet.

NAVIGATION AND COMMUNICATION.*

1 BMW Motorrad Navigator VI

With the multifunctional Navigator VI, route planning becomes child's play. The system with 16 GB flash memory and a five-inch touch screen always shows the right way. Thanks to the circular polarisation filter (CPOL), the waterproof display is easy to read even in direct sunlight. The high-resolution screen in a casing similar to a smartphone provides all the essential information and ensures that you can see the big picture required in every situation. Numerous additional functions make planning and touring an exciting experience. Plan your routes can be created according to your personal preferences and enjoy driving on winding and quiet side roads. The "round trip" option is a good choice on unfamiliar terrain. In the end it will reliably lead back to the starting point. The Bluetooth connection to the BMW Motorrad communication system and the optional Smartphone Link app enable multimedia on the go: navigation announcements, telephone calls and music streaming as well as the retrieval of weather forecasts or traffic jam information are no problem. With the navigation preparation, further functions such as "My motorcycle" are available; alternatively, control via the multi-controller on the handlebars is possible. Choose the pre-installed map data, and you will always be up to date thanks to lifelong, free map updates.

Only available in conjunction with navigation device preparation.

- BMW Motorrad Navigator VI

- Retrofit set preparation for navigation device

Also available as optional equipment.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

ORIGINAL BMW MOTORRAD ACCESSORIES.

SAFETY.*

1 LED additional headlights

The powerful LED additional headlights extend the illumination to ensure the required vision in poor visibility conditions. Thus they perfectly complement the main headlight. LED technology ensures virtually wear-free operation. Also available as optional equipment.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

- LED auxiliary headlights (left and right)
- (+) Mounted parts

2 Cylinder head cover guard

The stainless steel cylinder-head cover guard provides excellent protection for the cylinder head cover, preventing scratches and damage caused by flying stones. It has been perfectly matched to the vehicle, is equipped with a large rubber bumper and optimally emphasises the design and contours of the boxer engine.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

- Cylinder-head cover guard (left and right)

Safety screw for oil filler cap

The safety screw for the oil filler cap protects against theft and foreign substances in the oil. It also gives an individual look.

- 3 • Safety screw for oil filler cap
- • Safety screw for oil filler cap, black

- TPC (tire pressure control) retrofit kit

Tire Pressure Control (TPC) with all functions can be retrofitted by installing the control unit. Also available as optional equipment.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

- TPC retrofit kit
- (+) Mounted parts

SAFETY.*

- Anti-theft alarm system retrofit set

If the anti-theft alarm system is moved or struck violently, the system responds with a clearly audible signal and a hazard warning indicator lamp. Also available as optional equipment.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

- Anti-theft alarm system retrofit kit

4 Brake disc lock with anti-theft alarm system

Double protection against theft: The brake disc lock with anti-theft alarm is the ideal theft deterrent when you're out with your bike. The lock made of hardened steel provides reliable protection against manipulation and is easy to store thanks to its compact dimensions. The anti-theft alarm detects the smallest movements and violent shocks and responds by emitting an acoustic alarm.

- Brake disc lock with anti-theft alarm system

- First-aid kit

The extensive, large first-aid kit from BMW Motorrad complies with the DIN standard for first-aid boxes and should not be missing from any motorcycle. The compact small first-aid kit from BMW Motorrad fits into any motorcycle and includes basic equipment for treating minor injuries.

- First-aid kit, large
- First-aid kit, small

RIDER EQUIPMENT.

1 TourShell suit

Feeling comfortable on a motorcycle means enjoying the ride safely and in a relaxed way. The TourShell suit offers good weather protection, is comfortable to wear and meets the safety requirements of sporty tour riders. Tailored from abrasion-resistant Dynatec, this suit is windproof, waterproof and breathable thanks to the Z-Liner with BMW climate membrane. For excellent wearing comfort, the width adjustments and quilted stretch inserts ensure an optimum fit and maximum freedom of movement. The two waterproof outer pockets offer plenty of stowage space for all kinds of small items. Certified NP2 protectors on the hip, knee back and elbows, and NPL protectors on the shoulders ensure high safety standards. Large reflective strips guarantee the visibility of tour riders even in poor light conditions. The trousers can be attached to the jacket with a zip fastener.

2 Atlantis gloves

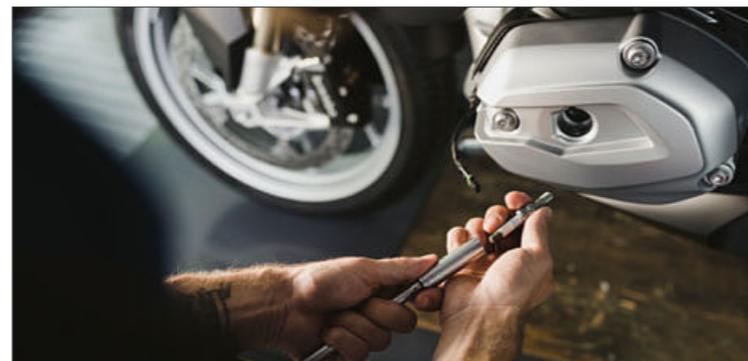

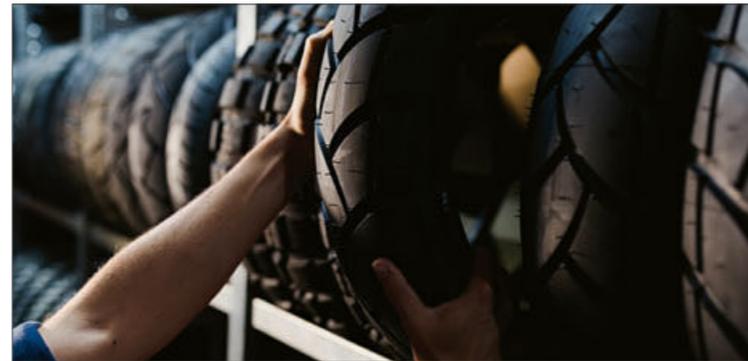

These waterproof leather gloves really come into their own in spring and autumn temperatures. The robust suede cowhide upper and breathable GORE-TEX® Gore Grip membrane complement the aesthetics of the Atlantis suit, making the glove perfect for fun-filled touring.

3 ProTouring boots

In spring or autumn, the ProTouring boot puts you on the safe side – always. Comfortably soft, waterproofed cowhide leather, breathable GORE-TEX® for better ventilation and flex zones in the uppers make them reliable footwear for any weather. Particularly on long-distance rides, you'll notice the difference in comfort provided by advanced ergonomic technology. And thanks to the range of adjustment options, the boot fits so well you would never know all the built-in safety features were there.

Find out about these items and other rider equipment at your BMW Motorrad dealer or at bmw-motorrad.ca

SERVICES FROM BMW MOTORRAD.

BMW Motorrad Service

The extensive service network of BMW Motorrad ensures your bike gets the care it deserves. There are over 22 BMW service centres in Canada alone, and if you're off on your travels, you'll find them in over 100 countries around the world. Their outstanding quality of service is based on reliability and speed whenever spare parts are needed, competent advice for riders, as well as excellent workshop performance. This has earned them exceptional ratings from many leading bike magazines.

BMW Motorrad online

To find out more about BMW Motorrad and our product range, visit our website at bmw-motorrad.ca. There you will find the BikeConfigurator, for example, which allows you to configure your personal dream bike with just a few mouse clicks. You can then request a no-strings quote for your individual bike, book a test ride or order current brochures.

And you'll find full details of the BMW Motorrad rider equipment range at bmw-motorrad.ca/riders point

BMW Motorrad Roadside Assurances

We pride ourselves on the quality of aftersales care we provide. Like BMW Motorrad roadside assistance: round-the-clock breakdown assistance. Call 1-800-267-8269. If you have a breakdown in Canada or the USA, our experts will do everything they can to get you back on the road. If they can't fix the problem immediately, they'll get you to your destination by other means.

Ask your BMW Motorrad dealer for more information or visit bmw-motorrad.ca

BMW Financial Services

Freedom on two wheels. BMW Financial Services helps you to get the most out of your riding experience. Financial services are very similar to configuring your own personal bike: an individual solution is always best. And that is particularly true when it comes to your mobility.

Finance

BMW Financial Services offers convenient finance solutions that are tailored to your individual needs.

BMW Basic Finance

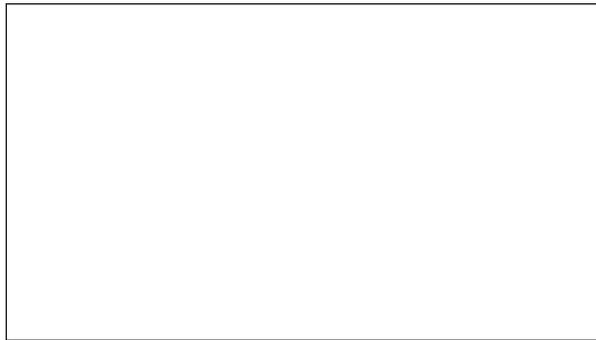

Choose a term (12 to 84 months) with a downpayment and instalments to suit your budget. Get your personal quote from your BMW Motorrad dealer.

MAKE YOUR DREAM A REALITY WITH 3ASY RIDE.
