INTRODUCING

PRIMUS

POWERTRAIN

Primus by Ampere comes powered with a powertrain that is distinctively futuristic. It is a unique combination that ensures safety with LFP battery pack, improved performance with mid-mount motor belt drive, and more control of your ride through its smart digital cluster. Join the revolution that's taking India a step forward to becoming an electric-driven nation with Primus.

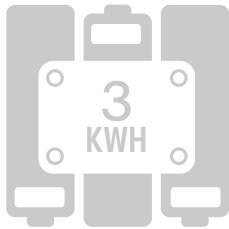

DURABILITY

IMPRESSIVE BATTERY LIFE

Lithium Ferro Phosphate battery with longer life span.

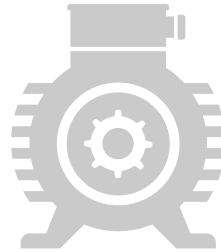

SAFETY

LFP BATTERY PACK WITH SMART BMS

3KWH Lithium Ferro Phosphate battery equipped with smart BMS.

PERFORMANCE

4KW MID-MOUNT MOTOR

0-40kmph in under 5 seconds.
Top speed of 77kmph.

CONVENIENCE

4 RIDE MODES

Switch between riding modes for an easy daily commute.
