ALL IN ONE APP.

Ride journal. OTA updates. Dark theme.
Right on your smartphone.

Team iOS or Android? We don't judge.
Get it on both the App Store and Play Store!

THE SCOOTER THAT PAYS FOR ITSELF.

WITH THE OLA S1 PRO, YOU SAVE UP TO ₹13,000 A YEAR.

AND WE'VE GOT THE MATH TO PROVE IT.

As a petrol scooter owner, you will pay up to ₹5300/m for fuel, servicing costs for 48 months. That's ₹2.54 lacs (for a cheap ICE scooter)

But with the Ola S1 Pro (second generation), you spend ₹4200/m on charging & servicing costs for 48 months. That's ₹2 lacs (for an expensive electric scooter, from the future)

*The approximate total monthly cost considers EMI, maintenance & running cost calculated for the price of the S1 Pro. This is based on electricity and fuel prices in Bengaluru as on August 2023 with a daily distance of 30 kms.
