Future is an attitude

At Audi, we make cars with a vision of constant progression. Progress and nothing but progress. That's what cars at Audi signify and not just in the way they're designed or perform, but in the way we see the world. For Audi, future is an attitude.

The Audi Q5

The Audi Q5 combines sportiness with high energy usability. Its new, athletic design language captivates at first glance, as does its dynamism on every trip, thanks to quattro all-wheel drive. A multifaceted character, a highly versatile interior and high energyday usability are what make the Audi Q5 a dream to drive.

Performance

Captivating driving dynamics

The Audi Q5 is impressively dynamic and agile when it comes to acceleration and handling. Its 2.0L TFSI engine churns out a powerful 249 hp and 370 Nm of torque that can accelerate the Audi Q5 from 0 - 100 kmph in 6.3 sec and up to a top speed of 237 kmph. With the quattro all-wheel drive, drive forces can be distributed as needed between the individual wheels of the car. And with the Audi Drive Select, the driver can easily adjust the vehicle characteristics between a variety of modes.

Performance features

Audi Drive Select
The Audi Drive Select enables you to adjust the vehicle characteristics according to your driving style. Choose from 6 driving modes, including an individual mode for a high performing ride, a comfortable one, or a personalized driving experience.

quattro all-wheel drive
A standard feature of the Audi Q5, the fully-variable quattro all-wheel drive redirects power to each individual wheel as required. The mechanical locking function is configured with outstanding driving dynamics and distributes the drive torque to the front and rear axles instantly. The result - outstanding traction, directional stability and a drive unlike any other.

Suspension system with damper control*
The suspension with damper control allows the adaptive shock absorbers to be adapted electronically according to different driving situations. This enables a high level of ride comfort combined with very good handling characteristics. Choose between dynamic or comfort oriented basic damper settings via Audi Drive Select in various modes.

All features marked () are only available in the Technology Variant. Images used are for representation purposes only.

Exterior

Tailored progression

The first thing you notice when looking at the Audi Q5 are the bold lines that travel across its frame and draw eyes to the aesthetic design of the body. This promotes its aggressive nature and driving style. Pair that with the lower air slats, octagonal front grille and tapered wheel arch trim for a true expression of its performance capabilities.

Exterior features

Singleframe grille with vertical struts
The Audi Singleframe grille with vertical struts lends your Audi Q5 a refined, yet sporty look on the exterior.

LED headlights
Low on energy consumption and high on illumination, the LED headlights, which come as a standard feature, shine a bright path for your Audi Q5. And not just that, but these headlights also have a long service life, high visibility for other road users, and reduce reflected glare during poor visibility conditions.

R19 5-double spoke star style wheels*
New 48.26 cm (R19) wheels Travel along new roads in style with the 5-double spoke Star Style with a design.

All features marked () are only available in the Technology Variant. Images used are for representation purposes only.

Panoramic glass sunroof
Bright light and comfortable ventilation. Get an uninterrupted view of the sky with the two-part panoramic sunroof.

LED rear lights
For easy visibility, the lights in the rear have been studied with LED lights for the indicators, brake lights and lamps.

All features marked () are only available in the Technology Variant. Images used are for representation purposes only.

Interior

Luxurious, inside-out

Cool, comfortable interiors, warm glowing lights set to your favourite hue and your playlist playing through the Bang & Olufsen Premium Sound System - the interiors of the Audi Q5 are dazzlingly innovative. Bringing together the best of comfort with the best of technology, they leave nothing to be desired.

Interior features

Leather/leatherette upholstery
The interiors of the Audi Q5 are adorned with plush, leather & leatherette combination upholstery that make for a pleasant ride.

Power front seats with driver memory*
The electrically adjustable power front seats are completely flexible and well suited for the driver's needs. A wide range of customizations can be made based on height, fore/aft position and seat & backrest inclination. On the driver's side, the seat comes with a memory function - 2 presets for the electrically adjustable front seats and exterior mirrors. The settings can be stored and activated via the memory button in the door trim.

Contour ambient lighting with 30 colours
Select the best hue to light up your interiors with the contour ambient lighting system. Choose from up to 30 colour options that draw attention to the interior design in the best way.

All features marked () are only available in the Technology Variant. Images used are for representation purposes only.

Decorative inlays in Audi exclusive piano black*
Black is the colour of elegance. And that's exactly what you get when you choose the decorative inlays in the Audi exclusive piano black colour for your Audi Q5.

8 Airbags
When it comes to safety, the Audi Q5 goes all out and makes no compromise. Which is why it comes equipped with 8 airbags to protect you from harm at all costs. Side airbags in the rear provide additional protection for occupants in the rear.

3-Zone air conditioner
The electronically controlled 3-zone deluxe automatic air conditioning makes it possible to regulate the climate control individually on the driver and front passenger sides as well as in the rear compartment. The required temperature and air distribution can be controlled separately for each of the three areas via controls in the centre console and the rear.

All features marked () are only available in the Technology Variant. Images used are for representation purposes only.

Infotainment and technology

Innovation goes sensory

As inviting and luxurious the interiors of the Audi Q5 are, what they do not compromise on is connectivity. Driver-centric, intuitive and ergonomically designed controls on the Audi Q5 keep all of your infotainment and connected services easily accessible and connect your world inside to the world outside.
